REAM. a Place,

After enjoying nearly a month's vaca tion the members of the Town Committee met yesterday afternoon. The full board was present. .

The Road Committee reported the work on the construction of roads progressing favorably with the end in view that all streets are practically completed with the exception of Lincoln Street. There is very little to do now but clean out gutters. The macadam work is also practically completed.

After settling all outstanding bills it is expected that a balance will be at the disposal of the Committee. The Road Committee recommended that it be used in macadmizing 1,100 feet of Glen Ridge Avenue from the Montclair line to Highland Avenue. Repairs are yet to be made to stone raads on Montgomery, Broad, and Washington Streets and

Frank W. Lawrence appeared before the Committee in reference to a drain from Lawrence Street to the Dodd Street branch of Second River. The ditch runs through Mr. Lawrence's lot close to his new house, and as he wishes to grade the grounds about the house he would like to fill up the ditch. The Committee questioned his right to fill it.

Mr. Lawrence would be satisfied if the Committee would lay a pipe in the ditch so that it could be covered over. The matter was referred to the Road Com-

Mrs. Donohue of Willett Street complained to the Committee that the digging of the trench on Montgomery Street for the sewer had resulted in the draining of the wells in that locality, and the people were put to great inconvenience. The Committee endeavored to explain to her that it was an unfortunate circumstance over which they had no control.

Mrs. Donahue said that she would put in city water if there was a main through the Water Committee.

The Lincoln Place controversy was again brought up. Mr. Lockwood reported that Dr. George C. Seibert was In the evening another large congreopposed to the opening of the street and would institute legal proceedings against the town if his fence was removed. Town Counsel Barrett stated that Dr. Selbert would have no grounds for a suit. The counsel was directed to examine the proliminary proceedings in regard to the opening of the street, and if they are found to be regular, the Coinmittee will proceed at once to open the street. Should the street be opened it will be named Hamilton Place.

Surveyor Olmstead presented his report on the examination of Fred Fullman's sidewalk. The report satisfied the Committee that Mr. Fullman ought to pay his share of the cost, and the counsel was directed to bring suit

Mrs. F. T. Camp's application for a sidewalk in front of her property on Broad Street was discussed. A question about the location of the sidewalk has arisen. It is claimed that her deed embraces the strip of property now used as a park, and a law-suit is about to take place to settle the dispute. The suit will be between Mrs. Camp and Mr. Whitman. The Sidewalk Committee will lay the walk immediately in front of the property if it is so desired by the appli-

Cross walks were ordered put down at ranklin Street and Berkeley Avenue. Fremont Street and Austin Place, Fremont Street and Oakland Avenue. The Sewer Committee reported the recent action taken by Montelair in regard

to local sewerage there. Mr. Rayner of the Fire Committee announced the appointment of Hubert Ashley as Superintendent of the Fire-

OPENING OF THE SCHOOLS. A Very Large Increase in the Attend-

Bloomfield's public schools opened on Tuesday with the largest percentage of increased enrollment that has occurred in four years. The enrollment on the opening day was: High School, 77; Grammar School 256; Berkeley Primary, 224; Brookside Primary 60. Daily additions have been made to the enroll-

ment since the opening. The work of enlarging the Centre Pri mary, which is now in progress, prevented the opening of that school or Tuesday. A largely increased enroll ment is anticipated there.

Two new classes will be organized this year, one at the Centre Primary and one at the Berkeley Primary. Additions have been made to the corps of instructors. Louis Van Orden has been en gaged as teacher of writing. He has the supervision of this branch of instruction in all the schools and teaches special class in bookkeeping at th High School. He is regarded as a very efficient teacher in both branches. Miss Charlotte E. Halsey teaches Greek Classics and science. Miss Ida M. Wilde gives instruction in clay modelling and drawing.

Trustee Peloubet says the Liberty Stseet school will be open on Monday.

Return of the Rev. Mr. Paull.

Westminster Church was reopened last Sunday, and the Rev. George A Paull preached morning and evening. Mr. and Mrs. Pauli returned from Europe, where they spent their vacation, on the City of Rome, which reached New York early Saturnay morning. Owing to the detention in Quarantine of steamers arriving from Europe, many feared perties of the building are excellent. that Mr. Paull would not reach Bloomfield in time to preach on Sunday, and were very agreeably surprised when they saw him in the pulpit. In the morning every seat in the church was filled, and many of the congregation lingered after the street. On the informal ballot Robert S. Rudd of this town received the complimentory vote of the entire Essex County delegation, numbering twenty-eight. Besides the delegates Bloomfield was represented at the convention by Messrs. Edward P. Mitchell and Joseph D. Gallagher.

The Union Prayer Meeting.

The Evangelical Union has arranged to hold two Union Prayer meetings on Thursday evening, the 15th-one in the German Presbyterian Church and the other in the Watsessing M. E. Church. It is expected that these meetings will be largely attended and that members alarm. An investigation will be made of the various congregations will as rule go to the meeting nearest their homes. THE SACRED HEART CONCERT | THE SECOND WARD BANNER.

THE NEW CHURCH EDIFICE THROWN OPEN TO THE PUBLIC.

The Concert and Organ Recital a Success -An Evidence of What Energy and Perseverence Can Do.

Thursday night was a social and finan- veciferous shouting of the irrepressible nearly eight o'clock when the doors were thrown open. A crowd numbering several hundreds had gathered in front of the church anxious to get a glimpse of the interior, the beauty and splendor of which they had heard rumors of. It was only a few minutes from the time the doors opened that the spacious edifice was filled. Seats had been arranged to accommodate one thousand people, and by the time the first notes of the organ announced the orening of the concert nearly every seat was occu-

The scene that met the eye of the terior of the building was magnificent indeed and delightful to the eye. Exclamations of praise and admiration were heard on every side. There is a softness and harmony about the light colors that produces a pleasing effect. The decorative work is strikingly beautiful, giving a light and cheerful appearance. The well-proportioned columns with their ornamented capitals give the interior a stately cathedral appearance. The lighting is almost perfect. While the church was brilliantly illuminated no serious effect upon the eyes of the spectators was felt. The acoustic pro-

The new organ, which formed a principal feature of Thursday night's entertainment, is located in the organ loft in the east end of the building. It was built by the L. C. Harrison Company of this town, and combines all the latest improvements in its construction. It contains 1,554 pipes. The forty-five display pipes are brilliantly decorated. The new instrument gives great satisfaction to the congregation, both in appearance and tone.

Professor William C. Carl presided at the organ with his usual ability, and demonstrated to the large audience what his friends have long known—that ne is a musician of the first order. This since his return from Europe. The organ selections were all very appropriate for the occasion. The "Introduction to Act III." from Wagner's "Lohengrin," Mr. Paull was suffering from a severe gave Mr. Carl an opportunity to bring out the full power of the organ with great effectiveness, displaying alike the good qualities of the instrument and the musician's comand of it. It was a significant fact that the selections from "Lohengrin" called forth the loudest applause from the numerous young people present of marriageable age. The tenor solos by Albert G. Thies were well rendered. Mr. Thies possesses a remarkably good voice and sang with excellent taste. He was encored at each appear-

> In a soprano solo Miss Gracie Golden thrilled the audience with her powerful soprano voice which enabled her to render her selections in a manner that called forth vigorous applause. A piano ner's "Flying Dutchman," by Miss Hattle Leonard, was the gem of the concert. Miss Leonard proved herself a skilful ianist. Fortunately for the first performers Owen Westford's place on the programme was near the final. If he had been as near the first as it was last it is doubtful whether the others would have had a chance to appear at all, for when the audience got hold of him they seemed loath to "let go" at all. It was evident from the moment that he appeared that Mr. Westford was a professional comedian.

The programme of the evening had been wisely arranged to afford entertainment and pleasure for a mixed audience, such as generally gathers on such an oc-

casion. A large number of well-known people in town were in the audience, among them Mr. and Mrs. Henry Crane, James C. Beach, Mr. and Mrs. F. T. Camp, Mr. and Mrs. E. A. Rayner, Mr. and Mrs. Thomas Oakes, Mr. and Mrs. W. T Spencer, Mr. and Mrs. Harry E. Bichards, Professor H. F. Clark and Mrs. Clark, Mr. and Mrs. Henry P. Dodd, John Van Winkle, the Rev. E. A. White. The election of a delegate to the State Convention was proceeded with. Mr. Cakes was the unanimous choice of the meeting, and his election was announced amid much enthusiasm.

Misor Lentz made another speech in which he congratulated the Republicans of the Second Ward on their selection of a delegate to the State convention, which he said was to be one of the most important in the history of the Republican party. He complimented the club on their energy and enterprise. Major Lentz spoke of the enthusiasm prevalent throughout the country. He arraigned the Democratic government of the State and County. Among the evils he charged against flow was salary-grabbing, gerry-mandering, wholesale creation of offices for partisan purposes and the coal com-bine. He charged the Democratic party with having enacted a law attacking the public school system of the State. Heretofore under the laws of this State all money received from sale of riparian lands belonged to the State School Fund. Two years ago the Democratic party, in its extravagance, driven to desperation to raise money to meet increased salaries, upon Governor Abbett's advice, a bill was passed diverting the money from the schoel fund to the general fund of the State treasury.

Major Lentz then attacked the Demoeratic adminstration of county affairs. Reference was made to the arbitrary raising of valuations in Bloomfield by the Democrats in the County Board of Assessors. THE CATHOLICS' BAZAAR. Every One Who Attends Will be Handsomely Entertained.

Arrangements have been completed for the opening of the bazaar in the new Church of the Sacred Heart on Monday night. The bazaar will be continued one week, and a varied programme will be carried out, consisting of musical, dramatic and humorous entertainments. The display of articles for sale will be large. Each section of the town will be represented by a table, and a host of admission fee will be only ten cents, the enterprise of the pastor and congretion from the public.

James F. Connelly, Comptroller of the tators. city of Newark, has accepted an invitation to make the opening address on Dillon's" night, and the well-known humorist, John F. Dillon, will give one of his characteristic entertainments. On Saturday night prizes will be distributed and the articles remaining over disposed of. A lively interest will be manifested throughout the week in three voting contests that will be carried on. The first will be for a ladies' gold watch. The contestants are the Misses Minnie Kelly, Ella Kane, Mamie Dillon, and Katle Cogan. A second contest will be for a valuable gold watch to be given to the letter-carrier receiving the highest vote. The friends of Walter Tower. William Hall, and Samuel G. Hayter will doubtless be out in strong force. The third contest is for a large and handsome doll. The following little girls are the contestants Marie Brooks, Gracie Rooney, Laura Hallinan, Rosa Flannary Stella Hayes and Mamie Senior.

The proceeds of the bazaar are to be used in defraying the cost of finishing the church edifice.

An Expert on Drinking. A veteran Bloomfield toper says that irinking liquor is an art and that drunkenness is not a necessary result of it. He can name a score or more of professional artists at the work who can daily consume from twenty to thirty 'whiskeys" and show no outward effects from it. He has a rule that he has followed for years, and his wife has never helped him into bed in all that time. He never drinks before breakfast; he always takes his whiskey straight; he never tipples at it, but swallows ft down rapidly, and always takes a bite of some thing to eat after each drink."

the Home Team Wins Two Games From the Stars, One of Which the Latter Forfeited-Bloomfield Was Base-ball

A large crowd of base-ball enthusiasts assembled at the Watsessing grounds last Saturday afternoon to witness the second game of the series between the Stars and the Bloomfields for the championship. The Bloomfields played a fair fielding game and also dil some clever hitting, Vought, Decker and Stocko carrying off the honors for their team. Foster and Thornall did the best playing for the Stars. The Bloomfields won the game by the following score:
